

## CLAIRE SONG

### INTERN

---

I am a junior at Northern Valley Demarest high school and I am super passionate about sustaining and building a comfortable environment for refugees and immigrants. I wish to be able to contribute to creating opportunities for many people and creating awareness about refugee/immigrant support.

I have taken part in other volunteer opportunities at the KCC (Korean community center) and continue to help in making changes in my community. Additionally, I am currently on my high school varsity volleyball team, I love to travel and enjoy baking!
